15 Another aspect of the question is that the financial condition of the Nilgiris is not at all satisfactory. Without an idea of the Budget forecast for 1939-40, it would not be advisable to commit the Nilgiris to any recurring expenditure – however small this might be. This cannot perhaps be also considered to be an essential item of expenditure.

the nuisance complained of, it has not been possible to cancel off the Police the intensive action in the direction owing to the many duties with which the Police are entrusted, and that an ad hoc Staff for the purpose is formed necessary. This would naturally mean that the instruction issued by the Police authorities referred to in para 2 of the said letter though good in their own way, are not adequate. The opinion of the Sub Committee establishes the need for a SPC Police Staff and is in accordance with the opinion expressed by Mr Hamilton in the concluding sentences of para 2 of his letter dated 16th Oct 1985, flag M in Police Admn 89-85 C/105) placed before Either to consider the Steps taken by the Police in pursuance of the instructions issued by the Deptt, adequate or to have in addition an ad hoc Staff at the cost of the Sub Committee as agreed to by them. Sir,

With reference to your letter no MS 2118/38 3j dated the 11/13th Feby 1939 in regard to the appointment of a 'mobile police corps for preventing nuisance & vending fruits etc on footpaths in the city, I am directed to enquire as follows:—

a) whether it is proposed to have only one set of temporary establishment

is not proposed for attending to both the items of work proposed by the Range Officer, Shimoga with the Health Officer, which appears to be contrary to the resolution of the Managing Committee of the TMC to be on the subject

b) the savings that accrued last year on account of the provision made in the TMC Budget under the Health staff & the amount of savings anticipated this year thereunder -

c) whether, in view of the slender finances of the TMC, the proposal may not be kept over for the present

d) whether the intended result cannot be achieved by requiring the Corporation of the Inspector-Incharge of Police to issue orders in this behalf to the subordinate officers of this city Police Force (Traffic Branch), as sending of fruitless would also be an obstruction to pedestrian traffic

and e) whether it is not necessary to include also the charges for leave Pension & (1) clothing requirement of the aforesaid Police establishment as required under standing orders, in the total estimate in this behalf

SIR

Reference - Government Order No L 6926/M1 24-38-92 dated the 28th February 1939 regarding the appointment of a mobile police corps for preventing nuisance, etc

Adverting to the above, I have the honour to state that there were two proposals for the entertainment of two sets of mobile police corps, one by the Executive Engineer, Water Supply Department to -- prevent fouling of public fountains and wastage of drinking water, etc and the other, by the Health Officer, to prevent indiscriminate committing of public nuisance, vending of fruits, eatables, etc , by the side of drains and footpaths, leading to danger of spread of infectious diseases and also to much insanitation from the public health point of view

In regard to the No (i), the Managing Committee resolved and the Municipal Council subsequently approved that, while agreeing to the new establishment, the cost should be met out of the budget in the Water Supply Department under "Repairs fund" and there could be no grant from municipal funds As to No (ii) the Council agreed that, for proper supervision and control of the public nuisance stated above, the existing sanitary staff could not cope with the requirements and a separate small police corps of one Duffedar and two -- constables were necessary to help the Health Officer On this, -- a suggestion was made by Government if the work could not be entrusted

to the Police Department The Inspector-General of Police was addressed on the subject and a reply has been received that instructions have been issued to the District Superintendent of Police in the matter There -- has always been a helpful understanding between the Police Department and the Municipality, but owing to the many duties with which the Police staff are entrusted,it has not been possible to expect of them the intensive action that is called for in the interest of the health of the City -- It has been found impossible to prevent such nuisance in the City by advice and propoganda

As regards the suggestion (c) in the letter of the Government, if the proposals cannot lie over in view of the slender resources of the Municipality, there seems to be no objection to defer consideration for a separate Police Corps as suggested by the Water Supply Department, -- especially as the Executive Engineer desires separate allotment to be earmarked from Municipal funds

Under the circumstances, I request that the Police staff requested by the Health Officer may be sanctioned with instructions that the same corps may be asked to supervise and control the pollution and wastage of public water supply in addition to their other duties under the guidance of the Health Officer, in a way to satisfy the demands of the Water -- Supply Department The expenditure on this staff, which will be about Rs. 915/- as per statement enclosed, will be met out of Municipal funds to be provided in the Budget for 1939-40

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner
